Education

•University of Bonn *Oct. 2024 - present*
M.Sc. Computer Science Grade: 1.9 (German scale)

•Sharif University of Technology *Sep. 2019 - Feb. 2024*
B.Sc. Computer Engineering Grade: 1.7 (German scale)

Work Experience

•ZB MED *Dec. 2025 - Present*
Front-end Developer (Student Research Assistant) Bonn, Germany

- Developed terminology-mapping widgets from initial version to full feature set, including bidirectional mapping, filters and detail views.
- Built the EntityListWidget for browsing ontology classes, properties and individuals, with search and pagination.
- Restructured existing widgets into separate data and presentation layers to improve reusability.
- Fixed rendering, styling and type bugs, redesigned the Next.js demo and maintained Storybook documentation for a library with 11k+ annual npm downloads.
- Extending the plain JavaScript package so every widget works without React.

•Serity *Apr. 2025 - Aug. 2025*
Junior Technical Consultant (Working Student) Bonn, Germany

- Supported ServiceNow implementations in security operations and compliance for international enterprise clients.
- Turned client requirements into user stories and project documentation for the consultant team.
- Helped prepare and deliver IT workshops for clients.

•AYOT *Jun. 2023 - Jan. 2024*
HR Assistant Tehran, Iran

- Supported recruitment and hiring for the startup, from sourcing candidates to coordinating the selection process.
- Scheduled and coordinated meetings, interviews and team calendars across the company.
- Combined a technical background with communication skills to bridge technical and non-technical teams.

•Digikala *Nov. 2022 - Mar 2023*
Front-end Developer Tehran, Iran

- Worked on the Seller Center of Iran's largest online retailer (40M+ monthly users).
- Helped migrate the seller panel from Twig to React, rewriting legacy pages as reusable React/TypeScript components.
- Built new seller-panel features as part of the migration.

•AYOT *Mar. 2022 - Sep. 2022*
Software Engineer Intern and UI/UX Designer Tehran, Iran

- Designed UI screens in Figma and implemented them in React for AYOT's smart-home platform.
- Designed the UI of the DALL-E artist-commission platform in Figma, for desktop and mobile.

ZB MED: Reference letter
Serity: Reference letter

Publications

•HarfoSokhan: Persian Colloquial–Formal Parallel Dataset *EACL 2026*
H. Jahad Sarvestani, V. Ramezanian, S. Saadat, N. Taghizadeh Serajeh, et al. Best Resource Paper

•Enhanced HCI Information Extraction using LLMs and Structural Retrieval *CHI workshop 2024*
Neda Taghizadeh Serajeh, Iman Mohammadi, Vittorio Fuccella, Mattia De Rosa

Technical Skills

Languages: TypeScript, JavaScript, HTML, CSS, Python
Front-end: React, Elastic UI, Storybook, Vitest, Figma
Other: Git, REST APIs, FastAPI, ServiceNow

Teaching Assistant Experiences

- **Computer Simulations - Head TA** Dr. Bardia Safaei — *Fall 2021 - Fall 2023*
- **Presentation of scientific and computer technology** Prf. Shohreh Kasaei — *Fall 2021 - Spring 2023*
- **Logic Design** Dr. Laleh Arshadi — *Spring 2020 - Spring 2022*
- **Numerical Computations** Dr. Fatemeh Baharifard — *Fall 2021 - Spring 2022*
- **Basic programming - Head TA** Dr. Issa Moradnejad — *Spring 2020 - Fall 2021*

Selected Projects

- **Terminology Service Suite (TS4NFDI)** — *2025 - present*
  Open-source React/TypeScript widget library: new widgets, UI/logic split, bug fixes
- **Hotel Booking App** — *2024*
  Hotel search by city and dates, with a Leaflet map and geolocation; React Router, Context API
- **Persian Informal-to-Formal Text Converter** — *2023*
  Team NLP course project: ranks Persian sentence variants with BERT and n-gram models

Interests

Illustration (portfolio), snowboarding, board games, movies

Language Proficiency

- **English** — *C1 (7.5 IELTS)*
- **German** — *B1*
- **Persian** — *Native language*
