EDUCATION

University of Bonn — Oct 2024 – expected Sep 2027
M.Sc. Computer Science — Grade: 1.9 (German scale)

Sharif University of Technology — Sep 2019 – Feb 2024
B.Sc. Computer Engineering — Grade: 1.7 (German scale)

WORK EXPERIENCE

ZB MED — Dec 2025 – now
Front-end Developer (Student Research Assistant) — Bonn, Germany

- Developed the terminology-mapping widgets from first version to full feature set: both directions, filters, detail views.
- Built the EntityListWidget for browsing ontology classes, properties and individuals, with search and pagination.
- Restructured widgets into separate data and presentation layers, so apps that already have the data can reuse the UI.
- Fixed rendering, styling and type bugs, redesigned the Next.js demo and kept Storybook docs up to date.
- Extending the plain JavaScript package so every widget also works without React.

Serity — Apr 2025 – Aug 2025
Junior Technical Consultant (Working Student) — Bonn, Germany

- Supported ServiceNow implementations in security operations and compliance for international enterprise clients.
- Turned client requirements into user stories and project documentation for the consultant team.
- Helped prepare and deliver IT workshops for clients.

Digikala — Nov 2022 – May 2023
Front-end Developer — Tehran, Iran

- Worked on the Seller Center of Iran's largest online retailer (40M+ monthly users).
- Helped migrate the seller panel from Twig to React, rewriting legacy pages as reusable React/TypeScript components.
- Built new seller-panel features as part of the migration.

AYOT — Mar 2022 – Sep 2022
Software Engineer Intern and UI/UX Designer — Tehran, Iran

- Designed UI screens in Figma and implemented them in React for AYOT's smart-home platform.
- Designed the DALL-E artist-commission platform for desktop and mobile, and built it in React with my colleagues.

PUBLICATIONS

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, HTML, CSS, Python
Front-end: React, Elastic UI, Storybook, Vitest, Figma
Other: Git, REST APIs, FastAPI, ServiceNow

SELECTED PROJECTS

Terminology mapping and entity widgets 2025-
Open-source React and TypeScript widgets that let research apps show ontology data, including cross-ontology mappings, without custom code.

Hotel booking app 2024
Hotel search by city and dates, with a Leaflet map, geolocation, React Router and the Context API.

Persian informal-to-formal converter 2023
Ranks Persian sentence variants with BERT and n-gram models to turn informal text into formal text.

LEADERSHIP

Director, CE Student Association, Sharif University of Technology Nov 2021 -
Coordinator and presenter at Shenasa, a scientific event on AI, neuroscience and cognitive science.

Staff, ICPC Asia Regional Contest, Tehran site Dec 2019 - Jan 2020
Staff at the 43rd International Collegiate Programming Contest, 20th Asian Regional Contest in Iran.

CERTIFICATES

- ServiceNow Certified System Administrator, Apr 2025
- IELTS Academic 7.5 (C1), Feb 2024

LANGUAGES

- Persian: Native
- English: C1 (IELTS 7.5)
- German: B1 (self-assessed)

Reference letters from ZB MED and Serity are available on request.
